

# Lewis The Duck in North Dakota Quacktivity Page

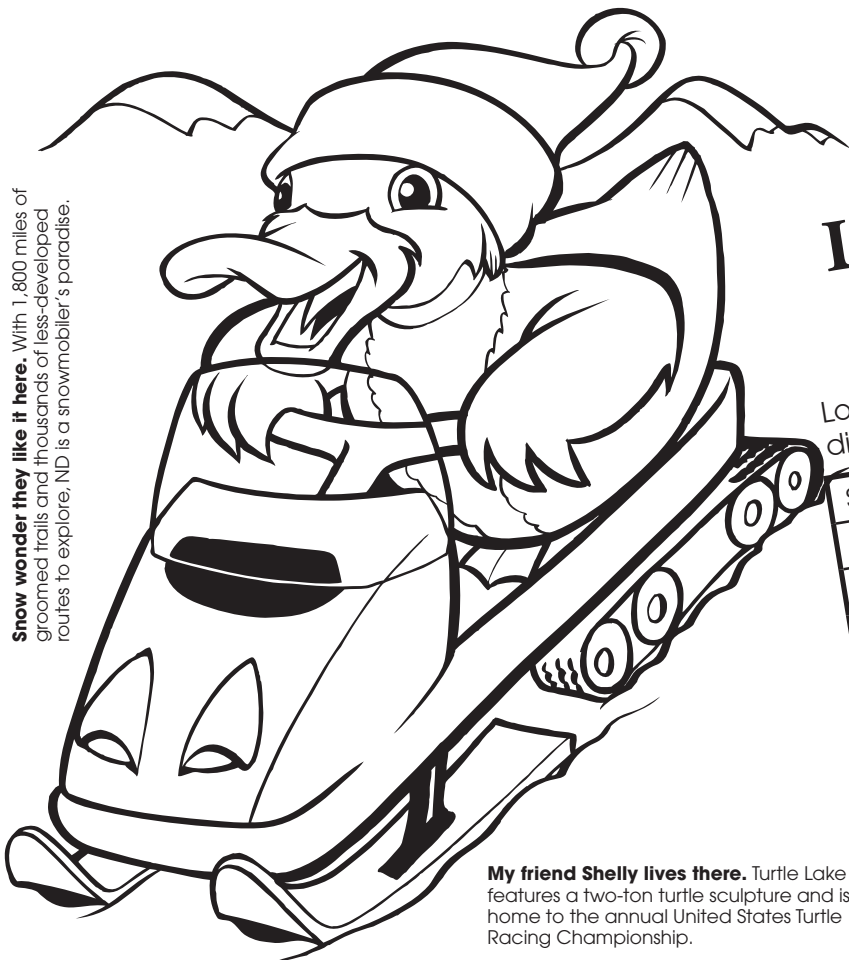

Help Lewis find his way to  
The Dakota Dinosaur Museum!

**Come see the Dakota-saurs!** The Dakota Dinosaur Museum in Dickinson has twelve full-scale dinosaur replicas, and a complete Triceratops skeleton.

Snow wonder they like it here. With 1,800 miles of groomed trails and thousands of less-developed routes to explore, ND is a snowmobiler's paradise.

**My friend Shelly lives there.** Turtle Lake features a two-ton turtle sculpture and is home to the annual United States Turtle Racing Championship.
