I understand some guests may not be too excited I am here, so I will be extra careful not to upset them. While my family is staying here, I authorize my owner to promise we will fully agree to the Pet Conduct Code:

Unattended Pets & Noise

I will be as quiet as possible and will not disturb other guests & pets with barking that can be heard outside of my room. If I am left unattended when a Homewood Suites employee needs to enter our suite, my owner promises I will be placed in a crate. Housekeeping will not enter a guest suite that has an unattended pet.

My owner's cell-phone number is _____ and they promise to be available at this number at all times when I am alone. My owners also agree to immediately come back to the hotel and have a talk with me if a member of the Homewood Suites Staff calls my owner and tells them I'm misbehaving. If my owner is not able to come back, I will allow the hotel to have me removed from the guestroom and placed in an appropriate area until my owner returns. If I have to be moved to an outside kennels service, my owner agrees to reimburse the hotel for any costs incurred for this service as well as not hold the hotel liable for any part of this action.

Cleaning Fees

My owner agrees to pay a non-refundable cleaning fee of \$100 per pet per stay. This cleaning fee is for the extra cleaning involved with my room at checkout as well as during our stay. This cleaning charge does not include urine and feces spot/stain removal and cleaning which will be at an extra charge (charges are determined by the hotel) which will automatically be added to the hotel bill, or credit card if we have left the hotel.

Restricted Areas

I promise to stay out of areas on the hotel property, which are reserved for "humans only". My owner will initial here _____ that a hotel employee has explained where the human only areas are.

Damage to hotel

Finally, I promise to try real hard, but if I should damage the guestroom or any part of the hotel, in any manner, my owners will accept full financial responsibility for bringing the room back to the condition, which they found the room when we checked in. Reasonable charges to repair all damages will automatically be added to the hotel bill or credit card on record if we have left the hotel. I also understand that the hotel has the right to inspect the room at anytime during my stay and confirm that I am behaving. If the hotel feels that I am not behaving in accordance with this contract, at the hotel's request I will agree to immediately leave the hotels property and stay at another location. My owners will agree to pay any and all costs incurred and not hold the hotel liable for any costs or actions resulting from the demanded removal of me.
